Dear Mr. Berle:

I thought you would be interested in the following information which comes to me from a source for whose accuracy I cannot vouch, but which source has heretofore furnished information concerning European conditions which has proved very accurate. The source of my information is an informant allegedly in contact with a Russian allegedly in close touch with European affairs.

It is alleged that Stalin will not make any military supplies, equipment or bases or available to Hitler, but that Hitler will vigorously support the peace proposal of Hitler which will be made by Mussolini. In the event the terms of peace as proposed are not accepted by England and France, and the informant claims that Hitler does not want England or France to accept the peace proposal, Mussolini will join with Germany on a date between October 15 and October 20, 1939. Thereafter, it will be the plan of Germany to attack France through Italy, maintaining on the west wall only the necessary armament to protect Germany from invasion. It is alleged that every effort will be made to have Spain attack France on the south, it being claimed that Spain has already been promised the city of Gibraltar and Morocco for the Spanish assistance in the campaign against France. The campaign of Germany will have for its immediate purpose the complete destruction of France, with no attack on or little attention paid to England until such a time as French resistance has been completely destroyed. Simultaneously, after Italy joins with Germany, concentrated efforts will be made in Africa to paralyze English ports, supply lines and shipping.

RECORDED & INDEXED

The informant further states that secret treaties between Turkey and Russia have been concluded. The informant also comments indicating that Turkey will side with England. Arrangements are also reported to have been made for the speedy closing of the Black Sea, thereby forcing

RE: EUROPEAN WAR.

Dear Sir:

[redacted] who has heretofore furnished some information, called at the office again this morning, telling me that he had come into what he considered very valuable information from his contacts, whose identity he still refuses to give. [redacted] pointed out that he did not know where the Russian with whom he is acquainted secures the information but pointed out that it had been correct so far as the Japanese-Russian pact was concerned, and also the information relating to Rumania had been substantiated to some extent, and in this morning's paper there appeared a news despatch under a Moscow date line to the effect that recordings made of conversations between Hitler and Henderson, the English Ambassador to Berlin, had been played for the benefit of Stalin and had influenced him upon behalf of Germany. [redacted] said that despite the news story he thinks that the recordings which were actually played to Stalin were of the conversations had by Prime Minister Chamberlain with Hitler a year ago, and not of recent conversations with Henderson.

At this time [redacted] said he had been informed that Russia would take no part in the active struggle, so far as furnishing soldiers or engaging in actual warfare was concerned. He has been told that Stalin will be back of the peace proposal of Hitler which will be made by Mussolini. In the event the terms of peace as proposed are not accepted by England and France, and Forester says he is told Hitler does not want England or France to accept, then Mussolini will join with Russia and Germany, some day between October 15th and 30th. Thereafter it will be the plan of Germany to attack France through Italy, maintaining only the necessary armament to protect the westwall. It is also said that every move will be made in an endeavor to have Spain attack France on the south, and that Spain has been promised the city of Gibraltar and Morocco for their assistance.

RECORDED & INDEXED 66-111-1-5-4

The campaign of Germany and its allies, as outlined to Forester, would have for its immediate purpose the complete destruction of France, with no attack and little attention paid to England until such a time as this purpose had been accomplished. At variance with this plan of attack was information also furnished to Forester to the effect that the "big fighting" after Italy joined the affray would

be in Africa, where the purpose of the fighting would be to paralyze the English ports by concerted attacks from within the country.

[REDACTED] further related that he was told and it would appear perfectly obvious to anyone that if such a plan were followed, that is, an attack upon France made from three sides, it would be most difficult for the French to withstand the attack for any prolonged period.

[REDACTED] further states that he is informed that it is definite that the provisions of a treaty have all been settled upon by Turkey and Russia, despite current newspaper comments to the effect that Turkey will side with England.

The informant further stated that arrangements have been made to close the Black Sea which would of necessity force all Rumanian products, particularly oil and wheat, to Germany. This move would tend to make the English blockade in the northern seas far less effective.

As to the Far Eastern situation, [REDACTED] related that he was told the Japanese intend to close all Chinese ports after the China campaign has been finished, which is expected within the next sixty days. Thereafter the Japanese, at the opportune time, which will be when it is obvious that France has been doomed, will attack British Indo-China and the other colonies, which will be done without any warning whatever.

Mr. [REDACTED] asked that I relay the above information to you. He said so far as its authenticity was concerned he felt that it was true; that the information was being given by him freely and voluntarily and he had no interest in what disposition was made thereof.

Very truly yours,

**Star Staff Correspondent**  
Paradise, N.S., Dec. 12 — Martin Bormann, the notorious Jew-baiter, successor to Rudolf Hess as second in command of the Nazi party in Germany, is alive in Russia, Otto Strasser said today. Further, he said he has proved the story that Hitler is alive is a fiction created by the Russians, who one day hope to send an imposter to Germany as their "new saviour."

Strasser is the former National Socialist leader who clashed with Hitler, formed the outlawed Black Front in 1930 and was exiled when

[illegible][illegible]

Durnastin, an inmate, succeeded in his appeal, dividing Russia and Moscow, but the Poles turned him and the Poles Durnastin's mother refused to receive him and he was driven from Moscow.

...Glad to know German history.  
call German said, and I will  
be said the first of writing a book  
Huger says. He will be sworn  
to by three chief Nazis who will be  
believed by millions in Germany.  
All they need is an actor to play the  
role of Hitler and the Nazis. The  
tragedy will be played, a holy war  
against Western Democracy.

Strasser says. Stalin even told Averall Harriman, Hitler was ill and the Reds have continued their policies. As for Breumann, Koch and Blaker, they would join the Communists with pleasure, because their Nazi philosophy is the same and millions of Germans would follow.

Strasser said that, of course, this was only his theory and he had no firm evidence that there were three in the room.

"The most violent of these is one Reverend BERNARD AMBROSIC, of Lemont, Illinois. Another is the Reverend OMAN, of Cleveland, and the third is the Ameriska Domovina, which is devoting space to the attacks against SANC (Slovenian American National Council) and its leaders, notably against EDEIN KRISTAN and LOUIS ADAMIC, President and Honorary President of SANC. They want SANC to support the Slovenian quisling in Ljubljana, General RUPNIK, who was put in power by ADOLPH HITLER, and who was given the blessing of Bishop ROZMAN of Ljubljana. They are trying to justify their maneuvers by branding the Partisans as Communists. They are brazen enough to do all this here in a democratic country, which is today engaged in a deadly struggle against the very enemy with whom their Party in the Ljubljana are collaborating."

Director, FBI

Reference is made to your letter dated April 28, 1947, wherein you state that [REDACTED] a reputable physician and surgeon of [REDACTED] reported information to the effect that possibly he had been treating Adolf Hitler.

The Bureau is in possession of captured German documents and a copy of the diary kept by [REDACTED] several years of Adolf Hitler in Germany. The material available indicates that up until the time of the capitulation of Germany, Hitler was receiving large quantities of dope and this prescription has been classified by reputable American physicians as being poison. American physicians state that if Hitler continued with this prescription he would have been poisoned. [REDACTED] was considered a fanatic and reputable American doctors consider him a "quack". In the latter year before the bombing of Hitler's bunker where he lived and was observed by individuals, it is stated that Hitler had a noticeable tremor of the left arm and hand to the point where his arm shook so violently that it was necessary for him to hold his body in a rigid position and brace himself against a solid structure or object. There have been many controversial statements to the effect that Adolf Hitler is somewhere in North America. Most of the statements in the public press allege that Hitler is in South America and that he went there by submarine. None of these allegations of course can be proven by fact and the American Army officials in Germany have not located Hitler's body nor is there any reliable source who will say definitely that Hitler is dead; therefore, the possibility exists that he is alive. The United States Army is spending most of its efforts to locate Hitler in Spain.

You are requested to conduct the necessary investigation in an effort to locate the patient who was treated [REDACTED]. Your letter indicates that this individual, who gave his name as [REDACTED]

[REDACTED] Investigation should be conducted in this vicinity to determine if an individual can be located who bears the resemblance of the individual treated by this doctor.

This is to inform that [REDACTED] was recently contacted by [REDACTED] and furnished the following information.

[REDACTED] advised that he had in February of this year a conversation with [REDACTED] in which conversation [REDACTED] told a very fantastic experience he had in September 1945 with a patient he had treated for an ailment. The doctor had told of being of the opinion that this patient might possibly have been identical with ADOLPH HITLER. [REDACTED] related that [REDACTED] is his family physician and bears a very good reputation in [REDACTED] and during World War #1 had served in the U. S. Army Medical Corps., being well respected in the medical profession. [REDACTED] who during World War II had been a sergeant in the U. S. Army Counter Intelligence Division, advised that [REDACTED] had reported this incident to [REDACTED] at the time, who apparently thought this incident too fantastic for any investigation to be conducted at the time it happened. [REDACTED] stated he had told [REDACTED] that he would endeavor to have a Bureau Agent contact him to furnish details of the incident.

[REDACTED] was interviewed by the above Agent at which time he related the following information. [REDACTED] advised that on September 10, 1945 a man who was a complete stranger to him came to the Doctor's office and gave the name of [REDACTED] claiming that he lived at that time in [REDACTED] at the corner of [REDACTED] but gave no house number.

[REDACTED] stated that he had upon subsequent treatment of this person been advised that his local address was [REDACTED]. He stated that the stranger in appearance very definitely looked like ADOLPH HITLER and he had immediately noticed this fact upon first meeting the man. [REDACTED] stated that at that time he had treated this man as he would any other patient and had made no reference whatsoever to the fact that he resembled [REDACTED]. He stated that he had treated this man at his office on the following dates, September 10, 12, 19 and 26, 1945 for a gastro intestinal ailment. He said that the man did not want a physical examination, but only some means of relief from the stomach cramps he was suffering from, and intestinal disorder. The doctor said he asked the man how long he had been bothered with this ailment and the stranger had answered that he had been bothered from cramps and pains in his abdomen for several years.

The stranger also had indicated that he had done considerable traveling throughout the world and had been treated by some of the best doctors in the world. The doctor stated that the stranger had voluntarily offered this information, during the time that he was being diagnosed by [REDACTED] for this ailment.

MAY 23 1947

[redacted] stated that he had arranged for this man to be X-rayed at the [redacted] which also has offices in the [redacted]. He said the subject made the statement that he had never been X-rayed before, and had also remarked that he was a janitor or did janitor work and was in [redacted] to organize a corp of janitors, making no further explanation of this work. The subject had also mentioned that he had been a paper hanger at one time and that he had come to [redacted] indicating that he had lived there and had to get away from that city for awhile because he had some difficulty with a woman down there.

[redacted] further related that this man had also claimed that at one time he had considerable difficulty with a throat lesion, that was now cured. The doctor said he diagnosed the subject's case as being due to nervousness and duodenitis and prescribed for him tablets containing 20 mili-rams Traseptine and 20 milligrams of phenol barbitol, one to be taken before each meal. Subject had been placed on this prescription on September 12, 1945 and had returned to the office on September 19, 1945 and said he was very much improved. [redacted] stated that he was so much of the impression that this man might be HITLER that he had told the man to come back to his office again on September 26, 1945. He stated that this last trip was not necessary but that he desired to have his daughter [redacted] a student at the [redacted] to observe this individual to bear out his impression that the man looked like Hitler. [redacted] stated that he did this for the express purpose of obtaining the views of his daughter concerning this man's appearance. He stated that his daughter is now a senior at [redacted] and that she is a very stable type young woman. He stated that his daughter observed the patient when he made this last trip to his office and she too had confirmed the fact that this man definitely looked like HITLER. The doctor stated that his daughter, after viewing this man, had become so nervous and excited that she would not stay in the office, due to the fact that she too had thought this man could have been Hitler from his appearance.

Complainant stated that the subject, upon returning to the office on September 26, 1945 had again stated that he was very much improved and remarked that he had previously been very worried and nervous and that he had never before obtained such relief comparable to that he had received from [redacted] who stated that he did not know whether or not subject had made this as a flattering remark or not. He stated that the subject at all times while at the office had been accompanied by two men, the same two men on each of these four trips. These men according to [redacted] were tough looking and German in appearance, appeared to be rough in their dress and of the laboring type, who always came into the office with the subject and waited for him to leave the office. The subject had made no offer of explaining the presence of these two men. He said these two men as he recalled, had dark hair, presented a German type appearance, were competent looking, spoke no words in the doctor's presence, were between 30 and 40 years of age, were taller, more muscular and larger men than the subject. He believed that the subject had paid his account in cash after completion of the treatment.

[redacted] stated that at that time he had thought very much about this stranger and had become so convinced in his own mind that this man might be HITLER or so closely resembled him that he had finally come to the decision that fantastic as it may sound he would furnish the information to [redacted]

He said that one evening he drove out to [redacted] home and related the above information to him. He said that [redacted] probably thought the information fantastic, but nevertheless had told him about this man. [redacted] stated that at that time he had been of the understanding that such information should be reported to the [redacted] and for this reason he had given the information to [redacted] and had not reported the story to anyone else. He said that a few weeks later in a column known as the "Slush Pot" in the local paper, an item appeared to the effect that some people had reported seeing HITLER around. [redacted] stated that he did not know for sure but thought possibly [redacted] had told a local reporter, [redacted] of the above report. He stated that he heard nothing further of the matter from [redacted] and had never discussed it with [redacted] again, indicating he had not done so because he felt that he might be considered ridiculous in reporting such a matter.

[redacted] further advised that about two or three weeks after the subject's last trip to the office he received a letter from subject postmarked and bearing a return address in Los Angeles, California stating that he desired to obtain some more of these tablets which had been prescribed and wanted a prescription that he could get filled in Los Angeles. He stated he never did send such a prescription or answer the letter as he does not have proper authority to furnish such a prescription in Los Angeles County, California. He stated that this is the last he has ever heard of the subject. He did not know why the subject had come to him for treatment among all the doctors in [redacted], although he stated that at that time he was first Vice-President of the State of [redacted] Board of Health and this could have been the reason, if any. [redacted] did not know the reason. He said he had not attempted to seek any information from this man, and at the time was quite worried about his suspicions of him, especially since there were always the above mentioned two men accompanying the subject.

He advised that the subject's speech was rather "bookish" as though he had learned the English language through class room study rather than "on the street." He also mentioned that the subject spoke with what sounded like a Swedish accent, and did not have a German accent, but had a rather high voice though an average tone of voice, and spoke his words in a rather "clipped manner". [redacted] also mentioned that once or twice he had mentioned some English slang word and had noted that the subject at the time did not seem to grasp the meaning of these slang words. The doctor did not recollect what these words might have been.

He advised that this person's hair was of a blondish color and appeared to have been carefully bleached. He also stated that if this man could have been HITLER, he must have been playing a very dangerous game in making remarks to the effect that he had traveled all over the world and had been treated by the best doctors in the world, also formerly having been a paper hanger. The doctor said

that if the man was HITLER the only reason he would make such remarks, possibly, would be to determine whether or not the doctor might be suspicious of his identity. [REDACTED] stated that he had made no reference to the man of his similarity to HITLER. He also remarked that if the man were not HITLER, this subject was merely trying to play some sort of trick on the doctor in making the above remarks, realizing the fact that he resembled HITLER; these were only speculations made by the doctor.

[REDACTED] said the subject wore a very fine wrist watch of foreign make that was quite large, and made of silver or stainless steel, and was a type that he had never seen before. He said the subject's clothes had a very peculiar cut, his coat being a light blue color and longer than the usual suit coat style worn by most men. It was longer than the usual American type coat and had a foreign looking cut to it. The doctor informed that the X-ray taken of this man would be available through the [REDACTED] Laboratories.

He stated that after having treated this man, his wife, [REDACTED] had shown him an article that appeared in some national magazine written by some correspondent regarding a medical description of the physical ailments of ADOLF HITLER. [REDACTED] stated that upon reading this item he noticed that the ailments which were reported to be HITLER'S were 100% the same type of ailment that this man had who had called at the doctor's office. He stated that both had gastrointestinal disturbances, while the item stated that HITLER had never been X-rayed for fear that he might be found to have cancer. The subject had remarked that he had never been X-rayed, though treated by some of the best doctors in the world. The item, according to [REDACTED] had also mentioned the fact that HITLER had some throat difficulty, but the item was not clear if this throat trouble was malignant or not. The doctor reported that the subject had remarked having had throat lesions at one time that had been cured.

[REDACTED] mentioned that the type of gastro intestinal ailment suffered by the subject is not uncommon and that he treats possibly two cases of this ailment each month, to point out the frequency of such cases. He said such cases are easy to relieve after diagnosis by use of X-ray. The doctor mentioned that he did not know for certain if he still had the above mentioned letter written from Los Angeles, California but if necessary would be glad to search his files for it as he thought possibly he may have thrown it away as he had kept it for some months, thinking the [REDACTED] might like to have it but they never had asked to see it. A cursory examination of his files failed to reveal the letter.

[REDACTED] stated that he has no relatives in Germany but that his wife who was born in [REDACTED] had relatives in Germany. He said her father was [REDACTED] (German spelling, [REDACTED] who had been born at Hamburg, Germany and came to the United States when he was about 10 years of age to escape military service in the German Army. He said that [REDACTED], now deceased, had been a doctor in [REDACTED] and had studied medicine in the United States, also that when he was about 23 years of age he had returned to Germany and worked for a while in an insane asylum there, but again returned to the United States when the

German Government apparently learned he had not had service in the German Army. He said that his wife's father had worked in this insane insane asylum for about two or three years in Germany. Complainant stated that his wife's father did have some brothers and sisters living in Germany and the father had in the past corresponded with them in Germany. [REDACTED] mentioned that his wife's mother is still living and has remarried and is [REDACTED], residing at [REDACTED].

He mentioned that after World War I, the family in the United States had received an appeal from relatives in Germany for assistance in the way of clothing and food, and money and his wife's father had sent over assistance to his relatives in Germany but receipt of same had never been acknowledged. [REDACTED] advised further that since the end of World War II, his wife's mother had received a letter from her husband's brother in Germany telling generally about the family remaining in Germany since the end of the war. The doctor stated that this letter was typewritten in the German language and had been sent through the Red Cross Relief Corp, in Germany. Complainant furnished the above information merely as background data as to the only German relationship in his family.

[REDACTED] Indicated that he fully realized that the above sounds very fantastic and so much so that he had only related this information to his own family, and [REDACTED] of the [REDACTED]. He said he had also recently told this to [REDACTED], inasmuch as he knew that [REDACTED] had served during the last war in the U. S. Army Counter-Intelligence Division. [REDACTED] is noted to be a physician and surgeon, who appears to be a very well established doctor in [REDACTED] with apparently a large practice.

[REDACTED] further related that the subject's features were almost identical with those he has seen from various pictures he has observed of ADOLPH HITLER, except that the subject's face had deeper horizontal lines on the forehead and more noticeable wrinkles about the face, than noted in photographs of HITLER.

The above is being furnished for the information of the Bureau and no further investigation is being made of this matter unless advised to the contrary by the Bureau.

Letter to Director

July 1, 1947

According to [REDACTED] frequently went out at night and returned quite late. [REDACTED] was of the opinion that [REDACTED] was ADOLF HITLER, and she believed that the woman representing herself as [REDACTED] was in reality EVA BRAUN. [REDACTED] further remarked that she had hundreds of guests [REDACTED] and had never been suspicious of anyone prior to the [REDACTED]. She pointed out that [REDACTED] was a very modest one and that she thought it strange that persons of the purported wealth of the [REDACTED] should stay at her hotel. She charged them \$12 per week for their room. This money was paid in advance.

[REDACTED] also remarked that she thought that the subject looked a great deal like ADOLF HITLER and that the subject's wife appeared similar to the pictures she had seen of EVA BRAUN.

[REDACTED]

The Immigration and Naturalization Service at Newark checked the name of [REDACTED] in both the New York and Newark Offices of INS but were unable to locate anything pertaining to this person on the manifest of incoming planes for June 4, 1947.

The microphone surveillance mentioned above was begun at 9:00 P.M. on June 24, 1947, and maintained for a period of over two hours. Owing to technical difficulties, nothing of value or significance was obtained, and the surveillance was discontinued at 11:00 P.M.

On the morning of June 25, 1947, the subject came out of his room where he introduced himself to an agent and stated he was glad to meet his new neighbor. At this point [REDACTED] appeared, and the subject introduced his wife to the agent and to [REDACTED]. During the conversation, [REDACTED] who was unaware that the person he was talking to was a Special Agent, stated that he belonged to the BAHAI, a religious movement. He remarked that he attended the Bahai Convention which was held in Wilmette, Illinois, in 1940. His wife attended the same convention. He remarked that when his wife saw him, "because of her psychic powers she knew that he was to be her mate." He then said that his wife came to the convention as a delegate from the Bahai of Bogota, Colombia, South America. He said that although they could not understand each other's language they became engaged in 1944. They corresponded for three years until 1947, when they became married by proxy.

Letter to Director

July 1, 1947

[redacted] stated that he went to the Ambassador of the Colombian Embassy in New York City, where he made arrangements for this proxy marriage. He then showed the agent his marriage license. [redacted] then said that his wife flew from Colombia to Miami and then to Newark in the early part of June of 1947. The proxy marriage, he explained, was not valid in the State of New Jersey, so on June 22nd they were again officially married under the laws of New Jersey at the Bahai Temple at [redacted]. The Colombian marriage license reflected that [redacted] maiden name was [redacted].

The subject also displayed the marriage certificate for the marriage taking place at the Bahai Temple in [redacted] on June 22nd. [redacted] explained at great lengths the principle of Bahaism and invited the agent and [redacted] to attend a meeting to be held June 28, 1947, at the Bahai Center, [redacted] New Jersey.

[REDACTED] believes that [REDACTED] has a facial resemblance to pictures he has seen of ADOLPH HITLER. The believe that [REDACTED] may be identical with HITLER is based on this facial resemblance primarily. In addition, [REDACTED] has noted that [REDACTED] speaks with a German or Austrian accent, is very domineering with his wife, and has little contact with his neighbors. [REDACTED] recalled further that [REDACTED] has a scar on his chest, near the shoulder, about as large as a silver dollar. [REDACTED] aroused the suspicion of [REDACTED] as to this scar being possibly significant, since [REDACTED] became excited when [REDACTED] first saw this scar about a year ago. [REDACTED] recalled that [REDACTED] hurriedly covered his chest with a towel at the time, and in a surly way gave [REDACTED] permission to sleep in the barn. [REDACTED] does not know if this scar has any bearing insofar as the description of ADOLPH HITLER is concerned.

[REDACTED] advised that he has known [REDACTED] as a customer, for about eight years [REDACTED] solely through seeing him at the post office and knew nothing about him other than that [REDACTED] operated a small farm, [REDACTED]

The files of the [REDACTED] disclose that [REDACTED] came from [REDACTED] about January 1942. He purchased a 40 acre farm at that time at [REDACTED] on January 5, 1942. He was 58 years old in 1942, and his wife's name is [REDACTED] No other dependants were reported. There is no derogatory information in the [REDACTED]

[REDACTED] from [REDACTED], also in the files of the [REDACTED], disclosed that the last prior employer of [REDACTED] in 1942 was [REDACTED] described [REDACTED] as thrifty, good credit standing, and stated that he was purchasing the farm property in [REDACTED] out of his savings.

MEMORANDUM FOR THE DIRECTOR

Re: Possible Flight of Adolph Hitler to  
Argentina

Many political observers have expressed the opinion that Adolph Hitler may seek refuge in Argentina after the collapse of Germany.

Political ramifications lend credence to this possibility when it is recalled that the duly appointed Argentine Consul Hellmuth, ostensibly assigned to a Consular post in Spain, had plans which included clandestine meetings with Hitler and Himmler for the arranging of importing arms and technicians into Argentina. Hellmuth, intercepted by the British at Trinidad, never completed his mission.

Argentina remains a mysterious maze of questionable characters.

[redacted] is presently residing in Buenos Aires. [redacted] former Austrian munitions king and ex-husband of [redacted] recently converted his bicycle factories into an Argentine plant for the manufacturing of munitions. Arnulfo Arias, pro-Axis ousted President of Panama, conducts a long range political campaign from Buenos Aires. Frederick Karl von Zedlitz, [redacted] still claims to be in Argentina as the postwar planner for the German cartel Metallgesellschaft.

A large wealthy German colony in Argentina affords tremendous possibilities for the providing of a refuge for Hitler and his henchmen. One of the members, Count Luxburg, has been mentioned as operating a ranch which would serve in providing a haven.

By the very nature of any plans formulated for the abandoning of Germany in its collapse, it is virtually impossible to substantiate any allegations with regard to Argentina's serving the Nazis after defeat; however some significance may be attached to the fact that Argentina remains silent despite all the accusations that she will serve as a terminus for Hitler after a non-stop flight of 7,376 miles from Berlin to Buenos Aires in an especially constructed plane or as a passenger in a long-range submarine.

RECORDED & INDEXED

This matter continues to be the subject of a coordinated investigation by the Bureau representatives throughout the world. Information developed to date has, of course, been furnished to other interested governmental agencies.

Respectfully,

D. M. Ladd
